

BlindTransitionDirector.  
BlindTransitionDirectorHandle.Start

```
graph LR; A["BlindTransitionDirectorHandle.Start"] --> B["BlindTransitionDirectorBehaviour.In"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains two lines of text: 'BlindTransitionDirector.' and 'BlindTransitionDirectorHandle.Start'. The right box is gray with a black border and contains the text 'BlindTransitionDirectorBehaviour.In'.
