

BaseWindow.OnClose

BaseWindow.OnShow

BaseWindow.OnDOAlpha

```
graph LR; A[BaseWindow.OnClose] --> C[BaseWindow.OnDOAlpha]; B[BaseWindow.OnShow] --> C;
```

The diagram illustrates a relationship between three methods. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'BaseWindow.OnClose' and the bottom box contains 'BaseWindow.OnShow'. On the right, there is a single gray rectangular box containing the text 'BaseWindow.OnDOAlpha'. Two blue arrows originate from the right side of the left boxes: one from the 'BaseWindow.OnClose' box and one from the 'BaseWindow.OnShow' box. Both arrows point towards the 'BaseWindow.OnDOAlpha' box, indicating that both 'OnClose' and 'OnShow' methods are associated with or lead to 'OnDOAlpha'.
