

LabelTransController.Update

```
graph LR; A[LabelTransController.Update] --> B[LabelTransController.Update  
LabelTrans];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'LabelTransController.Update'. The right box is gray with a black border and contains the text 'LabelTransController.Update' on the top line and 'LabelTrans' on the bottom line.
