

SelectItemNumController.
Select

```
graph LR; A[SelectItemNumController.  
Select] --> B[SelectItemNumController.Down]; A --> C[SelectItemNumController.Up];
```

The diagram illustrates a branching logic from a single method call to two different actions. On the left, a grey rectangular box contains the text 'SelectItemNumController.' followed by 'Select' on a new line. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing the text 'SelectItemNumController.Down'. The bottom arrow points to another white rectangular box containing the text 'SelectItemNumController.Up'.

SelectItemNumController.Down
