

VariableList< ChaseParameters >

```
classDiagram
    class VariableList["VariableList< ChaseParameters >"]
    class ChaseParametersListVariable
    ChaseParametersListVariable --|> VariableList
```

The diagram illustrates a class hierarchy. At the top is the base class, VariableList< ChaseParameters >, represented by a white box with a black border and two empty internal compartments. Below it is the derived class, ChaseParametersListVariable, represented by a gray box with a black border and two empty internal compartments. A blue arrow with an open triangular head points from the top of the derived class box to the bottom of the base class box, indicating that ChaseParametersListVariable inherits from VariableList< ChaseParameters >.
