

BackgroundWidthController.  
OnBeforeSerialize

BackgroundWidthController.  
Start

BackgroundWidthController.  
Center

```
graph LR; A[BackgroundWidthController.OnBeforeSerialize] --> C[BackgroundWidthController.Center]; B[BackgroundWidthController.Start] --> C;
```

The diagram illustrates a flow where two methods, 'OnBeforeSerialize' and 'Start', both point to a 'Center' method. The 'OnBeforeSerialize' and 'Start' boxes are white with black borders, while the 'Center' box is solid gray. Blue arrows indicate the direction of the flow from left to right.
