

VariableList< ChaseParameters >

```
classDiagram
    class VariableList["VariableList< ChaseParameters >"]
    class ChaseParametersListVariable
    ChaseParametersListVariable --|> VariableList
```

The diagram illustrates a class hierarchy. At the top is the superclass 'VariableList< ChaseParameters >', represented by a white box with a black border and two empty internal compartments. Below it is the subclass 'ChaseParametersListVariable', represented by a gray box with a black border and two empty internal compartments. A blue arrow with an open triangular head points from the top of the subclass box to the bottom of the superclass box, indicating that 'ChaseParametersListVariable' inherits from 'VariableList< ChaseParameters >'.
