

JudgeWindow.OnSelfUpdate

JudgeWindow.OnUpdate

JudgeWindow.CheckPressSelect
Button

```
graph LR; A[JudgeWindow.OnSelfUpdate] --> C[JudgeWindow.CheckPressSelect Button]; B[JudgeWindow.OnUpdate] --> C;
```

The diagram illustrates a flow where two methods, JudgeWindow.OnSelfUpdate and JudgeWindow.OnUpdate, both point to a single target, JudgeWindow.CheckPressSelect Button. The target is represented by a gray box, while the source methods are in white boxes. Blue arrows indicate the direction of the flow from the source methods to the target.
