

VariableList< ChefDataVariable >

```
classDiagram
    class VariableList["VariableList< ChefDataVariable >"]
    class ChefDataVariableListVariable
    ChefDataVariableListVariable --|> VariableList
```

The diagram illustrates a class hierarchy. At the top is the base class, VariableList< ChefDataVariable >, represented by a white rectangle with a black border and three horizontal sections. The top section contains the class name. Below it are two empty sections. At the bottom is the subclass, ChefDataVariableListVariable, represented by a gray rectangle with a black border and three horizontal sections. The top section contains the class name. A blue arrow with an open triangle head points from the top of the subclass box to the bottom of the base class box, indicating inheritance.
